

WHITEOAK

PRODUCT SAFETY & COMPLIANCE DECLARATION

Manufacturer declaration under Regulation (EU) 2023/988 on general product safety

Document number	WO-GPSR-PB-01	Date of issue	1 January 2026
Place of issue	Wrocław, Poland	Revision	01

1. Manufacturer

WhiteOak Sport Equipment Jakub Kozłowski
Jerzmanowska 107, 54-530 Wrocław, Poland
Website: whiteoak.com.pl

2. Product identification

Product name	WhiteOak Removable Doorway Pull-Up Bar
Models / configurations	Lengths below 100 cm and 100-120 cm; custom-cut variants up to 122 cm opening width
GTIN / EAN	5905427359326
Product page	https://whiteoak.com.pl/produkt/singlebar/

3. Product description and intended use

A removable pull-up bar made from solid beech wood, supplied with two wooden side supports for screw mounting to a door frame or structurally suitable wall surface. The bar does not rely on compression against the door frame and can be removed from the supports when not in use.

- Bodyweight pull-ups, chin-ups and controlled hanging exercises
- Home and indoor training by adults or supervised younger users

4. Declaration

The manufacturer declares under its sole responsibility that the product identified above has been designed and manufactured so that, when correctly installed where applicable and used for its intended purpose in accordance with the supplied instructions and warnings, it complies with the general safety requirement and applicable manufacturer obligations of Regulation (EU) 2023/988.

5. Basis of the declaration

- Product specification, materials and construction review
- Internal assessment of intended use and reasonably foreseeable misuse
- Assessment of mechanical, stability, entrapment, fall and installation hazards as applicable
- Manufacturer functional inspection and quality-control procedures
- User instructions, mounting requirements and safety warnings

6. Essential safety conditions

- Install only into a structurally suitable substrate using appropriate fasteners. Do not mount solely to plasterboard or weak decorative trim.
- Confirm that both supports are level, securely fastened and correctly spaced before inserting the bar.
- Recommended maximum user load: 100 kg. Avoid swinging, kipping, shock loading and uncontrolled dynamic movements.
- Inspect the bar, supports and fasteners before each use. Stop use if any component is cracked, loose, deformed or damaged.
- Use only a correctly sized bar with compatible WhiteOak supports.
- The product is not personal protective equipment, fall-arrest equipment, a lifting device or a toy.

7. Regulatory status

This is a voluntary manufacturer product-safety and compliance declaration. It is not an EU Declaration of Conformity issued under CE-marking legislation. Based on the product function described above, no CE mark is affixed under this declaration. Any third-party wall, door frame, gym ladder, hangboard, climbing hold, fastener or accessory remains subject to its own suitability, limits and documentation.

8. Technical documentation and validity

The manufacturer retains product identification, construction information, internal risk assessment, test or inspection records, user-safety information and traceability records for the period required by Regulation (EU) 2023/988. This declaration applies only to an unmodified product. Unauthorised modification, incorrect installation, misuse or use with incompatible components may invalidate this declaration.

Signed for and on behalf of the manufacturer

Jakub Kozłowski
Owner / Manufacturer

A handwritten signature in black ink, reading "Jakub Kozłowski". The signature is written in a cursive, flowing style.
