

WHITEOAK DECLARATION OF CONFORMITY

Manufacturer's Product Safety and Compliance Declaration under Regulation (EU) 2023/988

Document number	WO-GPSR-PAR-01	Date of issue	1 January 2026
Place of issue	Wrocław, Poland	Revision	01

1. Manufacturer

WhiteOak Sport Equipment Jakub Kozłowski
Jerzmanowska 107
54-530 Wrocław
Poland
Website: whiteoak.com.pl

2. Product identification

Product name	WhiteOak 2-in-1 Wooden Parallettes
Product reference	10820
GTIN / EAN	5905427359333
Set configuration	2 pieces

3. Product description and intended use

A set of two reversible wooden parallettes for bodyweight and calisthenics exercises. The product may be used at two working heights: approximately 8 cm and 24 cm. Each handle is approximately 50 cm long and 35 mm in diameter. The main wooden components are made of solid beech wood.

- Push-ups and supported bodyweight exercises
- L-sit, tuck, planche and related calisthenics exercises
- Handstand practice by competent users in a controlled training environment

4. Declaration

The manufacturer declares under its sole responsibility that the product identified above has been designed and manufactured so that, when used for its intended purpose and in accordance with the supplied instructions and warnings, it complies with the general safety requirement and the applicable manufacturer obligations of Regulation (EU) 2023/988 on general product safety.

5. Basis of the declaration

- Product specification and construction review
- Internal assessment of foreseeable mechanical and stability hazards
- Verification of assembly, stability and functional use
- Manufacturer inspection and quality-control procedures
- User instructions and safety warnings

6. Essential safety conditions

- Place both units on a level, dry, clean and load-bearing surface.
- Assemble all components exactly as instructed and tighten all fasteners before first use.
- Inspect the wooden elements and fasteners before every use. Do not use the product if cracked, loose, deformed or otherwise damaged.
- Use the pair symmetrically and do not place the units on unstable, soft or slippery flooring.
- Dynamic or inverted exercises should only be performed by users with adequate skill and with appropriate supervision or spotting where necessary.
- The product is not a toy, personal protective equipment, fall-arrest equipment or a lifting device.

7. Regulatory status

This is a voluntary manufacturer's product-safety and compliance declaration. It is not an EU Declaration of Conformity issued under CE-marking legislation. Based on the product's intended function as a non-electrical training accessory, no CE mark is affixed under this declaration. Where the product is combined with third-party equipment, each third-party component remains subject to its own applicable requirements and documentation.

8. Technical documentation and validity

The manufacturer retains product identification, construction information, internal risk assessment, test or inspection records, user-safety information and traceability records for the period required by Regulation (EU) 2023/988. This declaration remains valid only for an unmodified product used in accordance with the manufacturer's instructions. Unauthorised modification, misuse or use of incompatible accessories may invalidate this declaration.
