

WHITEOAK DECLARATION OF CONFORMITY

Manufacturer's Product Safety and Compliance Declaration under Regulation (EU) 2023/988

Document number	WO-GPSR-MTP-01	Date of issue	1 January 2026
Place of issue	Wrocław, Poland	Revision	01

1. Manufacturer

WhiteOak Sport Equipment Jakub Kozłowski
Jerzmanowska 107
54-530 Wrocław
Poland
Website: whiteoak.com.pl

2. Product identification

Product name	WhiteOak Mini Training Platform
SKU	Platforma Travel
GTIN / EAN	5905427359500
Configuration	Platform only - without bands, chain or handle

3. Product description and intended use

A compact, non-electrical training platform intended to provide a stable standing base for controlled resistance-band exercises and strength-measurement setups using compatible third-party accessories. This declaration covers the WhiteOak platform only.

- Controlled exercises with compatible resistance bands
- Portable strength and mobility training setups
- Use as a stable standing platform in accordance with the supplied instructions

4. Declaration

The manufacturer declares under its sole responsibility that the product identified above has been designed and manufactured so that, when used for its intended purpose and in accordance with the supplied instructions and warnings, it complies with the general safety requirement and the applicable manufacturer obligations of Regulation (EU) 2023/988 on general product safety.

5. Basis of the declaration

- Product specification and construction review
- Internal assessment of foreseeable instability, recoil, overload and mechanical hazards
- Functional testing of the platform and attachment arrangement
- Manufacturer inspection and quality-control procedures
- User instructions and safety warnings

6. Essential safety conditions

- Place the platform on a level, dry, clean and load-bearing surface.
- Use only compatible bands, connectors and accessories in good condition and within their manufacturers' limits.
- Keep the direction of pull controlled and avoid configurations that may cause the platform to tip or shift.
- Inspect the platform and all attachment points before each use. Do not use if cracked, loose, deformed or otherwise damaged.
- Wear eye protection where a failed resistance band could recoil toward the face.
- This declaration does not cover resistance bands, dynamometers, software or other third-party equipment.

7. Regulatory status

This is a voluntary manufacturer's product-safety and compliance declaration. It is not an EU Declaration of Conformity issued under CE-marking legislation. Based on the product's intended function as a non-electrical training accessory, no CE mark is affixed under this declaration. Where the product is combined with third-party equipment, each third-party component remains subject to its own applicable requirements and documentation.

8. Technical documentation and validity

The manufacturer retains product identification, construction information, internal risk assessment, test or inspection records, user-safety information and traceability records for the period required by Regulation (EU) 2023/988. This declaration remains valid only for an unmodified product used in accordance with the manufacturer's instructions. Unauthorised modification, misuse or use of incompatible accessories may invalidate this declaration.
