PRODUCT SAFETY & COMPLIANCE DECLARATION

Manufacturer declaration under Regulation (EU) 2023/988 on general product safety

Document number	WO-GPSR-DPS-01	Date of issue	1 January 2026
Place of issue	Wrocław, Poland	Revision	01

1. Manufacturer

WhiteOak Sport Equipment Jakub Kozłowski
Jerzmanowska 107, 54-530 Wrocław, Poland
Website: whiteoak.com.pl

2. Product identification

Product name	WhiteOak Dip and Pull-Up Station for Gym Ladders
Models / configurations	Compatible rung thickness 32-36 mm; maximum rung spacing 165 mm; extendable pull-up bar up to 100 cm
Product page	https://whiteoak.com.pl/produkt/stacja-do-dipow-i-podciagania-do-drabinek-gimnastycznych/

3. Product description and intended use

A removable training attachment for compatible wall bars or gym ladders. It includes plywood side structures, solid beech gripping elements, dip handles and an extendable pull-up bar for multiple grip widths.

- Dips, supported push-ups and controlled bodyweight exercises
- Pull-ups and chin-ups using the extendable bar
- Use on structurally sound, dimensionally compatible gym ladders

4. Declaration

The manufacturer declares under its sole responsibility that the product identified above has been designed and manufactured so that, when correctly installed where applicable and used for its intended purpose in accordance with the supplied instructions and warnings, it complies with the general safety requirement and applicable manufacturer obligations of Regulation (EU) 2023/988.

5. Basis of the declaration

- Product specification, materials and construction review
- Internal assessment of intended use and reasonably foreseeable misuse
- Assessment of mechanical, stability, entrapment, fall and installation hazards as applicable
- Manufacturer functional inspection and quality-control procedures
- User instructions, mounting requirements and safety warnings

6. Essential safety conditions

- Use only on a wall ladder that is securely anchored, undamaged and compatible with the specified rung dimensions.
- Confirm that all hooks and contact surfaces are fully seated on the correct rungs before loading.
- Lock or secure the extendable bar as described in the instructions before use.
- Do not use on loose, cracked, undersized or flexible rungs.
- Avoid lateral swinging, tipping, shock loading and exercises that could lift the attachment off the rungs.
- Inspect the station and host ladder before every session. The safety of the complete setup depends on both products.

7. Regulatory status

This is a voluntary manufacturer product-safety and compliance declaration. It is not an EU Declaration of Conformity issued under CE-marking legislation. Based on the product function described above, no CE mark is affixed under this declaration. Any third-party wall, door frame, gym ladder, hangboard, climbing hold, fastener or accessory remains subject to its own suitability, limits and documentation.

8. Technical documentation and validity

The manufacturer retains product identification, construction information, internal risk assessment, test or inspection records, user-safety information and traceability records for the period required by Regulation (EU) 2023/988. This declaration applies only to an unmodified product. Unauthorised modification, incorrect installation, misuse or use with incompatible components may invalidate this declaration.

Signed for and on behalf of the manufacturer

Jakub Kozłowski
Owner / Manufacturer
