PRODUCT SAFETY & COMPLIANCE DECLARATION

Manufacturer declaration under Regulation (EU) 2023/988 on general product safety

Document number	WO-GPSR-APB-P-01	Date of issue	1 January 2026
Place of issue	Wrocław, Poland	Revision	01

1. Manufacturer

WhiteOak Sport Equipment Jakub Kozłowski
Jerzmanowska 107, 54-530 Wrocław, Poland
Website: whiteoak.com.pl

2. Product identification

Product name	WhiteOak Adjustable Pull-Up Bar - Premium
Models / configurations	Five-height solid-beech system; lengths below 100 cm and 100-120 cm
GTIN / EAN	5905427359470
Product page	https://whiteoak.com.pl/produkt/regulowany-drazek-do-podciagania-wersja-premium/

3. Product description and intended use

A height-adjustable pull-up bar system for mounting in a doorway or between suitable walls. The premium version uses solid beech side supports, integrated wall-protection surfaces and a spring locking mechanism intended to reduce the risk of the bar lifting out during exercise.

- Pull-ups, chin-ups, controlled hanging and bodyweight exercises
- Height-adjusted training for users of different statures
- Use of two sets as a controlled multi-rung training arrangement

4. Declaration

The manufacturer declares under its sole responsibility that the product identified above has been designed and manufactured so that, when correctly installed where applicable and used for its intended purpose in accordance with the supplied instructions and warnings, it complies with the general safety requirement and applicable manufacturer obligations of Regulation (EU) 2023/988.

5. Basis of the declaration

- Product specification, materials and construction review
- Internal assessment of intended use and reasonably foreseeable misuse
- Assessment of mechanical, stability, entrapment, fall and installation hazards as applicable
- Manufacturer functional inspection and quality-control procedures
- User instructions, mounting requirements and safety warnings

6. Essential safety conditions

- Install only on structurally suitable surfaces with fasteners selected for the substrate.
- Align and securely fix both side supports. Verify operation of the spring locking mechanism before every use.
- Ensure the bar is fully seated and locked at the same level on both sides.
- Do not bypass, remove or modify the locking components.
- Avoid swinging, jumping, kipping and shock loading.
- Inspect all wooden components, protective surfaces, springs and fasteners regularly. Stop use if locking becomes unreliable.

7. Regulatory status

This is a voluntary manufacturer product-safety and compliance declaration. It is not an EU Declaration of Conformity issued under CE-marking legislation. Based on the product function described above, no CE mark is affixed under this declaration. Any third-party wall, door frame, gym ladder, hangboard, climbing hold, fastener or accessory remains subject to its own suitability, limits and documentation.

8. Technical documentation and validity

The manufacturer retains product identification, construction information, internal risk assessment, test or inspection records, user-safety information and traceability records for the period required by Regulation (EU) 2023/988. This declaration applies only to an unmodified product. Unauthorised modification, incorrect installation, misuse or use with incompatible components may invalidate this declaration.

Signed for and on behalf of the manufacturer

Jakub Kozłowski
Owner / Manufacturer

A handwritten signature in black ink, reading "Jakub Kozłowski". The signature is written in a cursive, flowing style.
